NEWS & EVENTS

General Assembly

The official M2S General Assembly of all domOS partners started on the 28th of September in Avon, France. All partners were excited to finally meet in person after a long period of online meetings and conference calls. Check out our [gallery](#) for more photos from the meeting!

Sustainable Places 2022

The 10th annual edition of Sustainable Places was held as a hybrid event, from 6th to 9th September with the in-person sessions hosted in Nice, France. On the 8th of September 2022, domOS and our cluster project [PHOENIX](#) participated in the "Innovations for Upgrading the Smartness of Buildings" workshop, where several EU-supported Innovation projects pitched the value proposition of their expected smart building innovations and associated impacts. Have you missed it? Watch the recording of the workshop [here](#).

Smart Buildings Eu-Funded Innovations Brochure

The domOS project was featured in the second edition of the "Smart Buildings EU-funded Innovations" brochure developed by [SmartBuild4EU](#). Their main objective is to support the Smart Building Innovation Community.

Review Meeting

The partners in the domOS consortium had their first review meeting! The work done and future plans were presented to the project officer.

COOPERATION

We have a new cluster project [PHOENIX](#)! Clustering activities include sharing knowledge, expertise and experience, organising joint events and cooperating on raising public awareness about common problems and solutions. Looking forward to our cooperation!
